20/02856/FUL O'Brien Developments Ltd

17 Oxford Street, Southam, CV47 1NS

Demolition of all buildings on site except existing dwelling, construction of two dwellings, together with vehicular access and parking area to serve new dwellings and existing dwelling, and all other associated works

RESOLVED:

That the Town Council objects because there is no clear statement within the application regarding the treatment of the property fronting Coventry Street, this puts the street scene, that is of great heritage importance within a conservation area at risk. The Town Council would withdraw their objection if it was conditioned that the property fronting Oxford Street has to be renovated to an habitable state prior to the 1st occupation of the dwellings at the rear, the Town Council would also want to see a suitable outcome to mitigate the flood risk. The Town Council also disagrees with the highways opinion and will be asking that they re-examine this, as the Council consider the access to be dangerous.
