Notice of ground investigation works – Bascote Road

February 2019 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Initial works have now started and are carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons.

We will be in your area to continue our ground investigation works in advance of an underground power line that will be laid from the electricity substation near Harbury to the tunnel north entrance.

Phase four, the final phase, will begin on 25th February. **Bascote Road, between Welsh Road and the A425 Leamington Road, will be closed for up to two weeks.** This includes a traffic light controlled lane closure at the junction with Welsh Road for two days, and a lane closure at the junction with Leamington Road for up to four days. This will complete the ground investigation works.

Access to properties and businesses will be maintained at all times. An agreed and clearly signed local diversion will be in place.

Duration of works

From 25th February for up to two weeks.

Full road closure with working hours from 8.00am to 5.00pm.

Our contractors may also be on site for up to one hour beforehand to set up the works.

What to expect
