AN OLD IDEA

MODEL
Of the Statue of
"LIBERTY ENLIGHTENING THE WORLD,"
Issued by the American Committee
IN AID OF THE PEDESTAL FUND.

THE American Committee in charge of the construction of the Base and Pedestal of this great work of art, in order to raise funds for completing their work, have prepared a *miniature statuette six inches in height*.—The statue bronzed; pedestal nickel-silvered,—which they are now delivering free of expense to subscribers throughout the United States, at

ONE DOLLAR EACH.

This attractive souvenir and Mantel or Desk ornament is a *perfect fac-simile* of the model furnished by the artist.

The Statuette in same metal, *twelve inches high*, at

FIVE DOLLARS EACH,
delivered.

The designs of Statue and Pedestal are protected by U. S. Patents, granted to A. BARTHOLOME in 1878-79, and the models can *only* be furnished by *this Committee*.

The people of France donated the money to build the Statue and presented it to the United States of America.

Every American citizen should feel proud to donate to the *Pedestal Fund* and own a *Model* in token of their subscription and proof of title to ownership in this great work.

Address with remittance,

RICHARD BUTLER, Sect'y,
American Committee of the Statue of Liberty,
33 Mercer St., New York.

Save The Yard from winter closure! In 2011 we built a theatre, bar & kitchen in a vacant warehouse in Hackney Wick. Now we need your help to insulate the building so that we can open all year round!

Our beautiful building has fast become a beacon of the local community, however the current structure is not winter proof, meaning that we have to close our doors during the colder months. We need your help to insulate the building so that we can remain open all year round and sustain a constant and accessible programme of theatre shows and community workshops whatever the weather!

Well Street Market will be more than a market. It is an ambitious, exciting and bold project. We have a wonderfully diverse community who we encourage and support. We'll nurture young entrepreneurial talent by having a Teenage Market, give free economic and business training to local creatives by having a Student Makers market offering amazing design pieces unobtainable elsewhere. Integral to our market will be a live music stage where locals can book performance slots. We'll have a music mentoring program encouraging new routes into work. We are developing a community bee project and want to buy beehives and bee pollinators to make Well Street honey. We want a wireless network enabling cash free trading. We need money for the infrastructure costs to pay for our ambitious plans. We need to buy stalls, live music stage, wireless networks, bee hives, hanging baskets, Christmas lights. We need the crowd to pay for the training and staff that will help us enable to develop local talent.

What we'll deliver:
